65	Frank Key Landscaping Branch Guide

Welcome to Frank Key

Creating a garden or patio that's a true extension of your home and increasing your living space is made easy with Frank Key Landscaping. As a leading supplier of building, timber and landscaping products, Frank Key can supply everything you need to create your perfect garden.

This year we are giving you more ways to get outdoor inspiration, using this guide, online at www.patio-world.co.uk or at our newly designed, dedicated landscaping centre, Patioworld by Frank Key at Brookfields Garden Centre, Mapperley, Nottingham.

In 2019, as proud partners with Bradstone, Frank Key bring you the full Bradstone range including the new porcelain ranges Arenaria, Brooklyn, Tephra and Romeli. Be the first to take advantage of these elegantly smooth and hardwearing finishes, transforming your outdoor space ready for the longer, warmer summer days.

This guide also features other market-leading products to complete your landscaping project. From sustainable Trex composite decking, low maintenance artificial grass, stylish Grange fencing and architecture. If you require additional building supplies or even the hire of earth moving equipment, please give the Frank Key team a call. We will always go the extra mile to ensure you don't need to compromise your design or budget, so you can relax knowing your project is in the hands of the experts.

In the unlikely event you do not find the product you want in this guide, our strong supplier relationships ensure Frank Key can source the right product for you on a short lead time, allowing you to continue with your dream project.

Simply turn to the back of this guide to find your nearest branch, where you will be able to see the products on display and speak to our friendly and highly trained staff about your project. If you are looking for landscaping ideas at the weekend, why not visit Patioworld by Frank Key, at Brookfields Garden Centre, a destination for all the family.

What You Need. When You Need It.

Using this guide

This guide details all the landscaping materials Frank Key supply, which location holds the product (see location key below) and indicative price. The prices given list the charge for the unit shown – single, per square metre or pre-prepared patio pack.

In most cases discounts are available where a higher quantity is purchased. For more information, please speak to one of the Frank Key team.

From source

Frank Key Group has always taken pride in sourcing the highest-quality products, from market-leading suppliers. Our commitment extends to working with our partners in providing ethically-sourced natural stone and wooden materials.

Disclaimer: The products represent lines available from our stocks or on display at one or more of our outlets. All prices in this guide are correct as of 1st April 2019, and the VAT inclusive prices are stated at the current rate (20%). Should the VAT rate change, these prices will be amended accordingly. The company reserves the right to change any specification or prices without prior notice, any alterations will be published in the landscaping section of the website. Sizes given in this brochure are approximate and are given for use as a guide only. Where unwanted items are returned, a restocking charge may be applied, special order items (non-stock products) may not be returned, we recommend you obtain a sample prior to ordering. Where a product is defective or damaged, the company may use a supplier representative to ensure the product is faulty.

Utility Paving

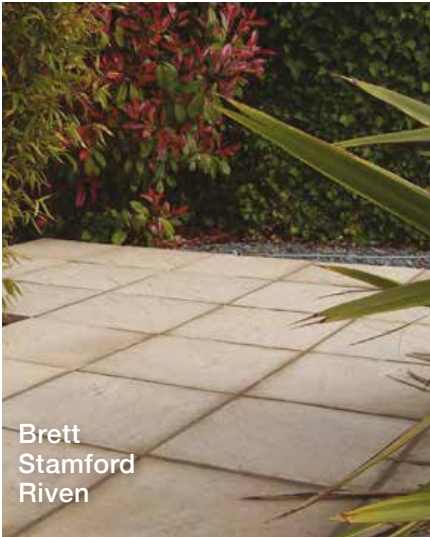

These are tough, hard wearing, budget paving solutions. Ideal as a base for utility areas and sheds. They are not recommended for feature patios, as with utility products the colour and finish will vary.

Our guide to good deck building

- Plan the deck carefully before commencing any construction work.
- A scale drawing of the proposed deck and surroundings will help visualise the overall size and shape.
- Materials stored on site before and during deck building should be protected from rain using a waterproof cover.
- Spend time preparing the proposed site. Remove all vegetation, apply a proprietary weed killer and weed block.
- For decks over 600mm above ground level, consult a reputable builder or structural engineer.
- Do not bridge the damp course or cover air bricks if fixing to the side of a house.
- All cut ends and drilled holes must be treated with a suitable proprietary end coat.

38mm thick
don't be fooled by
inferior alternatives
